## Help ClearWater!

We are pleased to announce the latest in a series of increasingly generous commitments to ClearWater Conservancy by long-time member and past-President Don Hamer. Starting in 2011, Don has pledged up to \$50,000 per year for five years for a total of \$250,000!

The key is that this pledge is meant as a matching challenge to leverage an additional \$50,000 per year from other ClearWater donors. Donations to ClearWater's Operation Conservation campaign to support our conservation and restoration projects as well as planned gifts through estate planning and recognized through ClearWater's LISLE Circle are eligible for this match. Please contact us for the details.

We can't thank Don enough for his vision and commitment to this organization and our community. You will learn of Don's many gifts when we honor him with the Spring Creek Heritage Award today.

We encourage you to consider how you might be able to take advantage of Don's generosity and double the impact of your own giving to ClearWater Conservancy. Small or large, every contribution counts, and it all adds up.

For more information about the Don Hamer matching campaign, contact Jennifer Shuey: 814-237-0400 or [jennifer@clearwaterconservancy.org](mailto:jennifer@clearwaterconservancy.org)
