

Brothers Cottage Getaway

Fishing, swimming, boating, touring the lock stations on the Rideau Canal, relaxing in a beautiful setting. The Rideau Lakes are renowned for excellent bass fishing. Seven interconnected lakes can be accessed from the cottage dock on Indian Lake, providing miles of intricate shoreline, islands, bays, and some nearly wilderness

settings. Thrill to the haunting calls of the loons. Swimming off the dock is just about the best on the planet.

The Brothers Cottage is located at 271 Indian Lake Road just beyond Chaffey's Locks, and about thirty miles northwest of the Thousand Islands. It sleeps six, in four bunk beds in one room and a queen-sized bed in another, and is fully furnished for housekeeping. You bring linens and towels. Pretty much everything else is there. Boat and motor rental are available locally.
